Part IV Writing

76.

Dear Li Ming,

How are you? Although we are admitted to different universities, I always have concern for you deep in my heart. And I'm writing to you because I heard that you'd spent much of your time playing online games and had failed in several subjects in your final exam. I do hope that you will give it up.

In my opinion, playing online games will do nothing but waste a lot of time, and affect your study. Time is so precious for us students at present that we should make good use of it to learn more knowledge instead of playing online games all day long. Besides, playing online games for a long time will do harm to your health.

QQ:1163816823 :gzzkgk 129

I do hope you will consider my suggestion, and stop playing online games.

Yours,

Zhang Xin
